21 (c) A captive insurer that maintains a protected cell shall, at the
22 time of paying the annual certificate of authority renewal fee under
23 section 49 of this chapter, pay an additional annual fee in an
24 amount to be established by the commissioner for each protected
25 cell.

26 Sec. 51. (a) A captive insurer may create and issue one (1) or
27 more classes or series of shares for one (1) or more protected cells.
28 The proceeds of the issue must be included in the assets of the
29 protected cell that issues the shares.

30 (b) The proceeds of an issue of shares other than protected cell
31 shares must be included in the captive insurer's general assets.

32 (c) A captive insurer may pay a dividend on a class or series of
33 protected cell shares regardless of whether a dividend is declared
34 on another class or series of protected cell shares or other shares.

35 (d) Dividends may be paid on protected cell shares from
36 protected cell assets. Protected cell dividends must be paid only to
37 the shareholders of the protected cell from which the protected cell
38 shares are issued, and otherwise in accordance with the rights of
39 the shares.

40 Sec. 52. (a) An act, a matter, a deed, an agreement, a contract,
41 an instrument under seal, or another instrument or arrangement
42 that is binding on or inures to the benefit of a protected cell must

1 be:

2 (1) executed by the captive insurer for and on behalf of the
3 protected cell and identified as an act, a matter, a deed, an
4 agreement, a contract, an instrument under seal, or another
5 instrument or arrangement; and

6 (2) if the act, matter, deed, agreement, contract, instrument,
7 or arrangement is in writing, the act, matter, deed,
8 agreement, contract, instrument, or arrangement must
9 indicate that the execution is in the name of, or by, or for the
10 account of the protected cell.

11 (b) If a captive insurer violates subsection (a), the following
12 apply:

13 (1) Except as provided in subsection (c), the members of the
14 governing body of the captive insurer shall, notwithstanding
15 a provision to the contrary in:

16 (A) the captive insurer's organizational documents;

17 (B) a contract with the captive insurer; or

18 (C) any other document;

19 incur personal liability for the liabilities of the captive insurer
20 and a protected cell or the matter, deed, agreement, contract,
21 instrument, or arrangement executed.

22 (2) Unless the members of the governing body of the captive
23 insurer were fraudulent, reckless, negligent, or acted in bad
24 faith:

25 (A) in the case of a matter on behalf of or attributable to a
26 protected cell, the members of the governing body have a
27 right of indemnity against the assets of the protected cell;
28 and

29 (B) in the case of a matter not on behalf of or attributable
30 to a protected cell or account, the members of the
31 governing body have a right of indemnity against the
32 general assets of the captive insurer.

33 (c) A court may relieve a member of the governing body of all
34 or part of the member's personal liability under subsection (b)(1)
35 if the member satisfies the court that the member should be
36 relieved because the member:

37 (1) was not aware of the circumstances giving rise to the
38 liability and so was not fraudulent or reckless and did not act
39 in bad faith; or

40 (2) expressly objected, and exercised the rights that a member
41 of the governing body, by way of voting power or otherwise,
42 should exercise to prevent the circumstances giving rise to the

1 liability.

2 (d) If a court relieves a member of the governing body of all or
3 part of the member's personal liability under subsection (c), the
4 court may order the liability in question to be paid from the
5 protected cell, or from the general assets of the captive insurer.

6 (e) A provision:

7 (1) that is set forth in:

8 (A) the organizational documents of a captive insurer; or

9 (B) a contract entered into by a captive insurer under
10 which the captive insurer may be liable; and

11 (2) that purports to indemnify a member of the governing
12 body of the captive insurer for conduct that would otherwise
13 make the member of the governing body ineligible for
14 indemnification under subsection (b)(2);

15 is void.

16 Sec. 53. (a) The assets of a captive insurer must be protected cell
17 assets or general assets.

18 (b) It is the duty of the members of the governing body of a
19 captive insurer to establish and maintain, or cause to be established
20 and maintained, procedures to:

21 (1) keep protected cell assets separate and separately
22 identifiable from general assets;

23 (2) keep each protected cell's assets separate and separately
24 identifiable from every other protected cell's assets; and

25 (3) apportion or transfer protected cell assets and liabilities
26 between protected cells, or between protected cells and
27 general assets of the protected cell captive insurer.

28 (c) Protected cell assets of a particular protected cell:

29 (1) may be available and used only to meet liabilities to
30 creditors of the protected cell, and are subject to recourse
31 only of the creditors of the protected cell; and

32 (2) may not be available or used to meet liabilities to, and
33 must be protected from, creditors of the captive insurer that
34 are not creditors of the protected cell, and are not subject to
35 recourse of creditors that are not creditors of the protected
36 cell.

37 (d) If a liability of a captive insurer to a person arises from a
38 matter related to, or is otherwise imposed with respect to, a
39 particular protected cell, the liability extends, and the person is
40 entitled to recourse, only to:

41 (1) first, the protected cell's assets; and

42 (2) second, the captive insurer's general assets, to the extent

that the:

(A) protected cell's assets are insufficient to satisfy the liability; and

(B) captive insurer's general assets exceed minimum capital amounts required under this chapter.

(e) If a liability of a captive insurer to a person:

(1) arises other than from a matter related to a particular protected cell; or

(2) is imposed other than in relation to a particular protected cell;

the liability extends, and the person has recourse, only to the captive insurer's general assets.

(f) A liability of a captive insurer that is not attributable to a protected cell must be discharged from the captive insurer's general assets.

(g) Income, receipts, and other property or rights of a captive insurer that are not attributable to a protected cell must be attributed to the captive insurer's general assets to the extent that the captive insurer's general assets exceed minimum capital amounts required under this chapter.

Sec. 54. (a) Each protected cell must be accounted for separately in the records of a captive insurer to reflect the financial condition and results of operations of the protected cell, including:

(1) net income or loss;

(2) dividends or other distributions to participants; and

(3) other factors:

(A) provided in a participant contract; or

(B) required by the commissioner.

(b) A captive insurer may not make a sale, an exchange, or another transfer of assets between the captive insurer's protected cells without the written consent of the protected cells and the commissioner.

(c) A sale, an exchange, a transfer of assets, a dividend, or a distribution may not be made from a protected cell to any person unless the commissioner provides prior written approval upon a finding that the sale, exchange, transfer, dividend, or distribution will not result in the insolvency or impairment of the protected cell.

Sec. 55. (a) A captive insurer that forms a protected cell shall annually file with the commissioner financial reports required by the commissioner, including financial statements detailing the financial experience of each protected cell.

(b) A captive insurer described in subsection (a) shall notify the

1 commissioner not more than ten (10) business days after a
 2 protected cell becomes insolvent or otherwise unable to meet the
 3 protected cell's obligations.

4 Sec. 56. (a) A participant contract must be approved by the
 5 commissioner in writing before the participant contract is effective.

6 (b) The addition of a new protected cell or the withdrawal of a
 7 participant from an existing protected cell constitutes a change in
 8 the strategic business plan of the protected cell and requires the
 9 commissioner's prior written approval.

10 (c) Any person may be a participant in a protected cell formed
 11 or authorized under this chapter.

12 (d) A participant in a protected cell is not required to be a
 13 shareholder insured:

14 (1) in the protected cell;

15 (2) by the captive insurer; or

16 (3) by an affiliate of the captive insurer.

17 Sec. 57. (a) Except as provided in subsection (b), (c), or (d), a
 18 captive insurer shall at all times maintain a minimum unimpaired
 19 capital of one hundred thousand dollars (\$100,000) in the form of
 20 cash or an irrevocable letter of credit that satisfies the
 21 requirements of subsection (h).

22 (b) A risk retention group captive insurer that issues a
 23 nonassessable policy shall maintain minimum unimpaired capital
 24 of three hundred thousand dollars (\$300,000).

25 (c) A captive insurer seeking authority to directly insure
 26 worker's compensation liability shall maintain minimum
 27 unimpaired capital of one million dollars (\$1,000,000).

28 (d) The commissioner may:

29 (1) require a captive insurer, including each protected cell, to
 30 maintain additional unimpaired capital based on the type,
 31 volume, and nature of the insurance business engaged in by
 32 the captive insurer; and

33 (2) determine the amount of capital, if any, that may be in the
 34 form of an irrevocable letter of credit.

35 (e) Except as provided in subsection (f), in addition to the
 36 minimum unimpaired capital required by this section, a captive
 37 insurer must have a minimum unencumbered surplus:

38 (1) in the form of cash or an irrevocable letter of credit; or

39 (2) in another form approved by the commissioner;
 40 of one hundred fifty thousand dollars (\$150,000).

41 (f) The minimum unencumbered surplus that must be
 42 maintained by the following types of captive insurers is as follows:

- 1 (1) For an association captive insurer incorporated as a stock
 2 insurer or a limited liability company, not less than three
 3 hundred thousand dollars (\$300,000).
- 4 (2) For an agency captive insurer, not less than three hundred
 5 thousand dollars (\$300,000).
- 6 (3) For a rental captive insurer, not less than three hundred
 7 thousand dollars (\$300,000).
- 8 (4) For an association captive insurer incorporated as a
 9 nonstock corporation, not less than five hundred thousand
 10 dollars (\$500,000).
- 11 (5) For an industrial insured captive insurer, not less than:
 12 (A) four hundred thousand dollars (\$400,000) if organized
 13 as a stock corporation or limited liability company; or
 14 (B) five hundred thousand dollars (\$500,000) if organized
 15 other than as a stock corporation or limited liability
 16 company.
- 17 (6) For a risk retention group captive insurer, not less than:
 18 (A) three hundred thousand dollars (\$300,000) if the risk
 19 retention group captive insurer issues only assessable
 20 policies; or
 21 (B) the lesser of:
 22 (i) one million dollars (\$1,000,000); or
 23 (ii) the greater of three hundred thousand dollars
 24 (\$300,000) or an amount equal to ten thousand dollars
 25 (\$10,000) times the number of the risk retention group
 26 captive insurer's insureds;
 27 if the risk retention group captive insurer insures policies
 28 other than assessable policies.
- 29 (7) For a captive insurer seeking authority to insure worker's
 30 compensation liability, not less than two hundred fifty
 31 thousand dollars (\$250,000).
- 32 (8) For each protected cell, not less than an amount
 33 established by the commissioner.
- 34 (g) The commissioner may prescribe additional requirements:
 35 (1) relating to a captive insurer's required surplus based on
 36 the type, volume, and nature of the insurance business
 37 engaged in by the captive insurer or protected cell; and
 38 (2) allowing surplus to be in the form of an irrevocable letter
 39 of credit.
- 40 (h) A letter of credit used by a captive insurer or protected cell
 41 as evidence of capital or surplus required under this section must:
 42 (1) be issued by:

1 (A) a bank chartered in Indiana; or

2 (B) a branch, located in Indiana, of a bank:

3 (i) that is a member of the United States Federal Reserve
4 System; or

5 (ii) the deposits of which are insured by the Federal
6 Deposit Insurance Corporation;

7 (2) be issued on a form approved by the commissioner; and

8 (3) include a provision specifying that the letter of credit is
9 automatically renewed each year.

10 Sec. 58. (a) Except as otherwise provided in this chapter, a
11 captive insurer or protected cell may pay dividends or make any
12 other distribution from the captive insurer's capital or surplus only
13 to the extent that the capital and surplus remaining after the
14 dividend is paid or the distribution is made exceeds:

15 (1) the minimum capital and surplus required by this chapter;
16 or

17 (2) a higher amount of capital and surplus required by the
18 commissioner.

19 (b) The commissioner may approve an ongoing plan for the
20 payment of dividends or other distributions by a captive insurer or
21 protected cell if:

22 (1) at the time of each payment or distribution, the amount of
23 capital and surplus retained by the captive insurer or
24 protected cell exceeds the amount required by the
25 commissioner; and

26 (2) the ongoing plan includes one (1) of the following:

27 (A) A specific amount that a captive insurer or protected
28 cell must have in excess capital and surplus.

29 (B) A formula under which the specific amount of required
30 excess capital and surplus may be calculated.

31 Sec. 59. (a) A captive insurer shall file with the commissioner a
32 schedule of the captive insurer's proposed investments and
33 material changes to investments.

34 (b) The commissioner:

35 (1) may approve a filing described in subsection (a) if the
36 commissioner determines that the proposed investments do
37 not threaten the solvency or liquidity of the captive insurer;
38 and

39 (2) may not unreasonably disapprove a filing described in
40 subsection (a).

41 (c) A captive insurer or protected cell may make a loan to the
42 captive insurer's parent or affiliate if the loan:

- (1) has been approved in writing by the commissioner;
- (2) is evidenced by a note that is in a form approved by the commissioner; and
- (3) does not include money that has been set aside as capital or surplus as required by section 57 of this chapter.

Sec. 60. A captive insurer or protected cell may do the following:

- (1) Provide reinsurance on risks ceded by another insurer, captive insurer, or protected cell.
- (2) Take credit for the reinsurance of risks or portions of risks ceded to reinsurers in compliance with the requirements for credit for reinsurance that apply to domestic companies.
- (3) Cede or take credit for the reinsurance risks or portions of risks ceded to reinsurers not in compliance with the requirements referred to subdivision (2) if the captive insurer or protected cell has the prior approval of the commissioner.
- (4) Take credit for the reinsurance of risks or portions of risks ceded to a reinsurance pool, exchange, or association acting as a reinsurer that has been authorized by the commissioner. In determining whether to authorize the reinsurance pool, exchange, or association acting as a reinsurer, the commissioner may do the following:

- (A) Require documents, financial information, or other evidence that the reinsurance pool, exchange, or association is able to provide adequate security for the pool's, exchange's, or association's financial obligations.

- (B) Deny authorization or impose limitations on the activities of the reinsurance pool, exchange, or association that the commissioner determines to be necessary to provide adequate security for the ceding captive insurer or protected cell and for the protection and benefit of the public.

Sec. 61. (a) Except as otherwise provided in this section, a captive insurer is liable for a tax on net direct premiums, to be paid not later than March 1 of each year, as follows:

- (1) Two hundred fifty thousandths of one percent (0.250%) on the first five million dollars (\$5,000,000) of the captive insurer's net direct premiums.
- (2) One hundred fifty thousandths of one percent (0.150%) on the next twenty-five million dollars (\$25,000,000) of the captive insurer's net direct premiums.
- (3) Fifty thousandths of one percent (0.050%) on each

1 additional dollar (\$1) of the captive insurer's net direct
2 premiums.

3 (b) Except as otherwise provided in this section, a captive
4 insurer is liable for a tax on assumed reinsurance premiums, to be
5 paid not later than March 1 of each year, as follows:

6 (1) Two hundred twenty-five thousandths of one percent
7 (0.225%) on the first twenty-five million dollars (\$25,000,000)
8 of revenue from assumed reinsurance premiums.

9 (2) One hundred fifty thousandths of one percent (0.150%) on
10 the next twenty-five million dollars (\$25,000,000) of revenue
11 from assumed reinsurance premiums.

12 (3) Twenty-five thousandths of one percent (0.025%) on each
13 additional dollar (\$1) of revenue from assumed reinsurance
14 premiums.

15 (c) The tax on assumed reinsurance premiums under subsection
16 (b) must not be levied on net direct premiums for risks or portions
17 of risks that are subject to taxation under subsection (a).

18 (d) A captive insurer is not required to pay an assumed
19 reinsurance premium tax under subsection (b) on revenue related
20 to the receipt of assets by the captive insurer in exchange for the
21 assumption of loss reserves and other liabilities of another insurer
22 that is under common ownership and control with the captive
23 insurer, if the transaction is part of a plan to discontinue the
24 operation of the other insurer and the intent of the parties to the
25 transaction is to renew or maintain the business with the captive
26 insurer.

27 (e) If the sum of taxes to be paid by a captive insurer, other than
28 a risk retention group captive insurer, calculated under subsections
29 (a) and (b) is less than seven thousand five hundred dollars (\$7,500)
30 in a particular year, the captive insurer shall pay a minimum tax
31 of seven thousand five hundred dollars (\$7,500) for the year.

32 (f) If the sum of the taxes to be paid by a risk retention group
33 captive insurer calculated under subsections (a) and (b) is less than
34 ten thousand dollars (\$10,000) in a particular year, the captive
35 insurer shall pay a minimum tax of ten thousand dollars (\$10,000)
36 for the year.

37 (g) The total state tax paid by a captive insurer must not exceed
38 one hundred thousand dollars (\$100,000) in a particular year.

39 (h) The taxes required under this section must be calculated
40 annually, notwithstanding policies or contracts of insurance, or
41 contracts of reinsurance, issued on a multiyear basis. If a policy or
42 contract is issued on a multiyear basis, the premium must be

1 prorated to determine the tax obligation under this section.

2 (i) Any insurance transaction engaged in by a captive insurer
3 granted a certificate of authority under this chapter, regardless of
4 the location of the risk or domicile of the purchaser, must be
5 included for purposes of calculating the amount of tax owed under
6 this section. However, upon presentation of evidence that another
7 jurisdiction has claimed, and the captive insurer has paid,
8 premium tax to the other jurisdiction on the same transaction, the
9 captive insurer may credit the amount paid to the other
10 jurisdiction against taxes owed under this section.

11 (j) A captive insurer that is issued a certificate of authority
12 during the fourth quarter of a calendar year may file a written
13 request with the commissioner for a reduction in the minimum
14 premium tax obligation calculated under subsection (e) or (f). The
15 commissioner may grant the request according to a methodology
16 established by the commissioner under rules adopted under
17 IC 4-22-2.

18 (k) One hundred percent (100%) of the revenues collected from
19 taxes required under this section must be deposited in the captive
20 insurer trust fund established by section 68 of this chapter.

21 (l) Notwithstanding any other law, and except:

22 (1) as provided in this section; and

23 (2) for real or personal property taxes;

24 the taxes required under this section constitute all taxes collectible
25 from a captive insurer under Indiana law.

26 (m) This section:

27 (1) applies only to the branch business of a branch captive
28 insurer; and

29 (2) does not apply to annuity business.

30 Sec. 62. (a) A captive insurer shall:

31 (1) before March 1 of each year, file with the commissioner,
32 on a form prescribed by the commissioner, a report prepared
33 by a certified public accountant of the captive insurer's
34 financial condition;

35 (2) file a consolidated report on behalf of each of the captive
36 insurer's protected cells; and

37 (3) in preparing the report, use generally accepted accounting
38 principles and include useful or necessary modifications or
39 adaptations of the generally accepted accounting principles
40 that have been approved or accepted by the commissioner for
41 the type of insurance and kinds of insurers included in the
42 report, and as supplemented by additional information

required by the commissioner.

(b) A pure captive insurer may apply to the commissioner in writing for authorization to file the pure captive insurer's annual report based on a fiscal year that is consistent with the fiscal year of the pure captive insurer. If the commissioner grants an alternative date:

- (1) the annual report is due not later than sixty (60) days after the end of each of the pure captive insurer's fiscal years; and
- (2) the pure captive insurer shall file, before March 1 of each year, forms required by the commissioner to provide sufficient detail to support the pure captive insurer's premium tax return filed under section 61 of this chapter.

Sec. 63. (a) The commissioner or the commissioner's designee may visit a captive insurer whenever the commissioner considers it necessary to examine the affairs of the captive insurer or a protected cell of the captive insurer to ascertain:

- (1) the financial condition of the captive insurer;
- (2) the ability of the captive insurer to fulfill the captive insurer's obligations; and
- (3) whether the captive insurer has complied with this chapter.

(b) The commissioner may require a captive insurer to retain qualified independent legal, financial, and examination services from outside the department to conduct an examination under this section and make recommendations to the commissioner. The captive insurer shall pay the cost of an examination.

(c) IC 27-1-3.1 applies to examinations conducted under this section.

(d) Protected cells of a captive insurer may not be individually examined unless the commissioner has cause to examine one (1) or more protected cells individually.

Sec. 64. (a) The commissioner may revoke or suspend the certificate of authority of a captive insurer if the captive insurer:

- (1) has failed or refused to comply with this chapter;
- (2) is impaired in capital or surplus;
- (3) is insolvent;
- (4) is determined to be in a hazardous financial condition such that the further transaction of insurance business by the captive insurer is hazardous to the captive insurer's policyholders or creditors or to the public;
- (5) has failed or refused to submit a report or statement required by law or order of the commissioner;

1 (6) has failed or refused to comply with a provision of the
2 captive insurer's organizational documents;

3 (7) has used a method of transacting insurance business that
4 is detrimental to the operation of the captive insurer or makes
5 the captive insurer's condition unsound with respect to the
6 captive insurer's policyholders or the public; or

7 (8) has failed otherwise to comply with the law of any
8 jurisdiction.

9 (b) After notice and hearing under IC 4-21.5, the commissioner
10 may impose on a captive insurer a civil penalty of not more than
11 five thousand dollars (\$5,000) for each violation of this chapter.

12 Sec. 65. (a) A captive insurer may not join or contribute
13 financially to a risk sharing plan, risk pool, or insurance insolvency
14 guaranty fund in Indiana, and a captive insurer or:

15 (1) an insured of the captive insurer;

16 (2) the parent or affiliate of the captive insurer; or

17 (3) a member organization of the captive insurer's
18 association;

19 may not receive a benefit from a risk sharing plan, risk pool, or
20 insurance insolvency guaranty fund in Indiana for claims arising
21 out of the operations of the captive insurer.

22 (b) IC 27-9 applies to a captive insurer and to a protected cell of
23 a captive insurer. If IC 27-9 and this chapter conflict, this chapter
24 is controlling.

25 (c) In the winding up of a captive insurer, the liquidator:

26 (1) shall deal with the assets of a protected cell only in
27 accordance with the procedures set out in subsections (f), (g),
28 and (h); and

29 (2) in the discharge of the claims of creditors of the captive
30 insurer, shall apply the assets of a protected cell only to the
31 persons entitled to recourse against the protected cell.

32 (d) A petition for a liquidation or rehabilitation order with
33 respect to a protected cell of a captive insurer may be made by:

34 (1) the protected cell captive insurer;

35 (2) the majority of the members of the governing body of the
36 protected cell captive insurer;

37 (3) a creditor of the protected cell; or

38 (4) the commissioner.

39 (e) Notice of a petition to a court for a liquidation or
40 rehabilitation order with respect to a protected cell of a captive
41 insurer must be served upon:

42 (1) the captive insurer;

1 (2) the commissioner; or

2 (3) other persons as directed by the court.

3 (f) A court may issue a liquidation or rehabilitation order with
4 respect to a particular protected cell if, in relation to the captive
5 insurer, the court is satisfied that:

6 (1) the protected cell assets attributable to the particular
7 protected cell of the captive insurer are or may be insufficient
8 to discharge the claims of creditors with respect to the
9 protected cell;

10 (2) the creditors of the captive insurer with respect to the
11 protected cell are entitled to recourse against the captive
12 insurer's general assets; and

13 (3) the issuance of an order under this section would achieve
14 the purposes described in subsection (g).

15 (g) A liquidation or rehabilitation order must direct that the
16 business and protected cell assets of a protected cell must be
17 managed by a liquidator or rehabilitator specified in the order to
18 ensure:

19 (1) the orderly closing or rehabilitation of the business of, or
20 attributable to, the protected cell; and

21 (2) the distribution of the protected cell assets to persons
22 entitled to recourse against the protected cell.

23 (h) The liquidator or rehabilitator of a protected cell:

24 (1) has all the powers and duties of the members of the
25 governing body who are responsible for the business and
26 protected cells assets of the protected cell;

27 (2) may at any time apply to the court for:

28 (A) direction concerning the extent or exercise of a power
29 or duty;

30 (B) the liquidation or rehabilitation order to be discharged
31 or varied; or

32 (C) an order concerning a matter that occurs during the
33 course of the liquidation or rehabilitation; and

34 (3) in exercising the liquidator's or rehabilitator's powers and
35 duties, acts as the agent of the captive insurer, and does not
36 incur personal liability.

37 (i) Upon the filing of a petition for, and during the period of
38 operation of, a liquidation or rehabilitation order:

39 (1) a proceeding may not be instituted or continued by or
40 against the captive insurer or protected cell that is the subject
41 of the liquidation or rehabilitation order; and

42 (2) steps may not be taken to enforce a security or in the

1 execution of legal process concerning the business or
 2 protected cell assets of the protected cell that is the subject of
 3 the liquidation or rehabilitation order, except by leave of the
 4 court.

5 (j) During the period of operation of a liquidation or
 6 rehabilitation order:

7 (1) the powers and duties of the members of the governing
 8 body cease concerning the business of the protected cell or
 9 protected cell assets that are the subject of the order; and

10 (2) the liquidator or rehabilitator of the protected cell may
 11 attend all meetings of the captive insurer or protected cell and
 12 vote at the meetings as if the liquidator or rehabilitator were
 13 a member of the governing body of the captive insurer. Unless
 14 there are no creditors entitled to recourse against the captive
 15 insurer's general assets, the liquidator's or rehabilitator's
 16 voting authority includes matters concerning the captive
 17 insurer's general assets.

18 (k) A court shall not discharge a liquidation or rehabilitation
 19 order issued under this section unless it appears to the court that
 20 the purpose for which the order was issued has been achieved, has
 21 been substantially achieved, or is incapable of being achieved.

22 (l) A court, on hearing a petition for the discharge or variance
 23 of a liquidation or rehabilitation order, may issue an interim order
 24 or adjourn the proceeding.

25 (m) When a court issues an order discharging a liquidation or
 26 rehabilitation order for a protected cell on the ground that the
 27 purpose for which the order was made has been achieved or
 28 substantially achieved, the court may direct that a payment made
 29 by the liquidator or rehabilitator to a creditor of the captive
 30 insurer, with respect to the protected cell, is full satisfaction of the
 31 liability of the captive insurer to the creditor with respect to the
 32 protected cell, and the creditor's claims against the captive insurer
 33 with respect to the protected cell are extinguished.

34 Sec. 66. (a) A captive insurer that is licensed in a foreign or alien
 35 jurisdiction may transfer the captive insurer's domicile to Indiana
 36 and become a domestic company by:

37 (1) complying with the requirements for a certificate of
 38 authority under this chapter; and

39 (2) designating an office located in Indiana.

40 (b) A captive insurer, after redomestication, may engage in the
 41 insurance business in Indiana, and is subject to the authority of the
 42 commissioner.

1 (c) All insurance contracts in existence when a captive insurer
 2 undergoes redomestication by merger, consolidation, or another
 3 lawful method continue in force after redomestication if the captive
 4 insurer is authorized in Indiana to transact the types of insurance
 5 business represented by the existing contracts.

6 (d) A captive insurer, before undergoing redomestication, shall:

7 (1) notify the commissioner of the details of a proposed
 8 redomestication; and

9 (2) promptly file resulting amendments to application
 10 documents that have been filed or are required to be filed
 11 with the commissioner.

12 (e) A domestic captive insurer, upon the approval of the
 13 commissioner, may transfer the captive insurer's domicile to a
 14 state in which the captive insurer is licensed to engage in insurance
 15 business as a captive insurer, and upon the transfer ceases to be a
 16 domestic company. The commissioner shall approve a proposed
 17 transfer unless the commissioner determines that the transfer is
 18 not in the best interest of the captive insurer's policyholders.

19 Sec. 67. (a) To be authorized to function as a captive manager
 20 in Indiana, a person shall register with the department and provide
 21 information determined by the commissioner to be necessary or
 22 appropriate to establish the person's qualifications to act as a
 23 captive manager in Indiana.

24 (b) A captive manager is subject to the authority of the
 25 commissioner.

26 (c) If a registered resident agent appointed by a captive insurer
 27 under section 47(a)(8) of this chapter cannot with reasonable
 28 diligence be found at the registered office of the captive insurer, a
 29 captive manager identified in the department's records as the
 30 captive manager for the captive insurer is considered to be an
 31 agent of the captive insurer upon whom any process, notice, or
 32 demand may be served, and any service of process identifying the
 33 captive insurer served upon the captive manager is conclusive
 34 proof of service on the captive insurer.

35 Sec. 68. (a) The captive insurer trust fund is established for the
 36 purpose of funding the enforcement of this chapter. The fund shall
 37 be administered by the commissioner.

38 (b) The expenses of administering the fund shall be paid from
 39 money in the fund.

40 (c) The treasurer of state shall invest the money in the fund not
 41 currently needed to meet the obligations of the fund in the same
 42 manner as other public money may be invested. Interest that

1 accrues from these investments shall be deposited in the fund.

2 (d) Money in the fund is annually appropriated for the purposes
3 of the fund.

4 (e) Money in the fund at the end of a state fiscal year does not
